despite the acknowledged fact that it is the world's best piano—
the finest piano made to-day.

Wherever music is heard, the name of Ye Olde Firme carries the
leadership with it. It is the standard in piano building to-day
—and is accepted and taken as the standard at home and abroad
—the world over.

The price is moderate and the terms of purchase place it within
the possibilities of any purchaser.

"Pianos from Factory to Home"

Voicing Your Thoughts with Music

Every musician knows this is the supreme test of a piano.

. . . . all alone, your fingers wandering idly over the keys, voicing with music your every fragrant thought . . .

If the piano is a Mason & Risch, there will be no jarring notes. A consciousness of the piano will not shatter your dreams. The tone of the Mason & Risch is so sweetly resonant, the action is so smooth and responsive, that no matter your mood—happy and vivacious, downcast and melancholy, romantic and sentimental—the piano takes life—is one with you, your thoughts and the piano a harmonious unit.

It is a glorious instrument of which we are justly proud. There should be a Mason & Risch in your home.

Tea Must Be Sealed

When exposed to air and moisture Tea rapidly loses its strength and flavor. To retain the original goodness of the leaf and also to protect it from contamination it is absolutely necessary to seal Tea in an air-tight container. The distinctive excellence of "Salada" is in part due to the superiority of the "Salada" aluminum foil packet which preserves the freshness and flavor of the leaf better than any other method known.

Chinese Rugs Used to be Sent to New York

A fine Chinese rug is not much more difficult to clean than any ordinary rug, except—the gleaming finish, which is the charm of such a rug, has always been an elusive quality. That is why in the past Chinese Rugs have been sent to New York for cleaning.

A prominent departmental store in the city, learning of the success we have been having in our carpet-cleaning department, asked us to see what we could do with a Chinese rug. Our "Sani-shampoo" process proved a revelation to them—the rich finish and sparkling beauty of the rug as we returned it to them was just like new.

Needless to say, Chinese rugs no longer go to New York. Speedier service and a big economy is secured. This fact is typical of the splendid satisfaction we are giving.

EXCLUSIVELY

No matter where the Steinway goes it carries with it the very essence of the great and subtle art of music. Its response to the hand and spirit of the musician is unequalled. Through its miraculous singing tone the most exquisite passages and the most profound measures of the great composers attain their full significance.

"I consider Steinway Pianos to be perfect in every way."
