## *The AudioGraphic Duo-Art Piano*

**T**HE AudioGraphic Duo-Art Piano, with the AudioGraphic Music, is a priceless possession in every home. No other instrument does what this wonderful instrument will do, and no other instrument can fill its place.

Music performed AudioGraphically is a revelation. You hear it and, while you are listening, you read its meaning. Not only is the story of the music told in words, but the text is delightfully il-

lustrated by cleverly drawn pictures.

AudioGraphic Music is recorded by the world's greatest concert pianists, among them such masters as Paderewski, Hofmann, Bauer and Gabrilowitsch.

The descriptions and annotations are written by internationally famous authorities—Walter Damrosch, Sir Alexander Mackenzie, Charles M. Widor, Franz Schreker—over three hundred musicians, critics and men and women prominent in the world of music.

*Recitals featuring AudioGraphic Music, in the Little Salon at Aeolian Hall ~ Tuesdays at 8:15  
Saturdays at 3 p.m. ~ Saturdays at 11 a.m. for children ~ Recitals  
are Complimentary. You are Cordially Invited*

*Sergei Rachmaninoff.*

EACH of these performances represents one of those rare instances when the genius of a composer and the genius of a pianist unite to form a living masterpiece. Fortunate are those who hear *one* such performance. A lifetime of concert-going might not bring the opportunity to hear them all.

Yet, by the loveliest of modern miracles, a way has been created for you to hear these three great performances—and countless others. Let the Ampico bring them to you. *Rachmaninoff himself would tell you that there is not one shadow of difference between the actual playing of these artists and the Ampico's reproduction of that playing.* Because the Ampico reproduces *through the piano itself*, it brings you the full beauty of this greatest of all instruments.

Go to the store in your city where the pianos listed on this page are sold. Ask to have the Ampico play this wonderful program—then listen to other performances. Great classical compositions—lighter airs and ballads

In Recital Carnegie Hall  
Saturday Afternoon, February 16th

*"Every lover  
of the piano"*

SAYS RACHMANINOFF

*"should hear these  
three performances"*

*Sergei Rachmaninoff—himself one of the greatest of living pianists—recently selected the following three piano performances as among the greatest he had ever heard:*

BLUE DANUBE.....Strauss (Schulz-Evler) *Lhévinne*  
JEUX D'EAU (The Fountain) Ravel *Moiseiwitsch*  
ÉTUDE, Op. 8, No. 10, D-flat major Scriabine *Orloff*

of haunting beauty—dance music that thrills with the fantastic charm of jazz! . . . All brought to you by the Ampico, at the mere touch of an electric button! Yet, when you, yourself, wish to play, the Ampico leaves the piano entirely unchanged—in appearance, tone, action.

Hear the miraculous Ampico tomorrow!

*The Ampico comes in the following pianos:*

MASON & HAMLIN • KNABE • CHICKERING  
J. & C. FISCHER • HAINES BROS. • MARSHALL & WENDELL  
AMPICO SYMPHONIQUE • THE WILLIS (in Canada)

Electrically operated models—\$750 to \$4,500. An initial payment of 10% will place an Ampico in your home. The remainder is payable over a period of two years.
